App. No. 10/763,132  
Attorney Docket 3088.2.1 NP

## Remarks

Applicant thanks the Examiner for the Written Office Action. In particular, the Applicant thanks the Examiner for noting that claims 4 and 16 are allowable if rewritten.

With regard to the substantive portion of the Written Office Action, Claims 1 – 3 and 5 – 15 were rejected and Claims 4 and 16 were objected to. In particular, Claim 15 was objected to as including an informality. Further, Claim 1 was rejected under 35 U.S.C. as not positively identifying a claimed element. Still further, Claims 1 – 3 and 5 – 10 were rejected under 35 U.S.C. § 102 as being anticipated by US Patent No. 5,409,132 to Kooijmans. Claim 11 is included in the analysis of the aforementioned rejection but not specifically included in the statement of rejection. More, Claims 12 – 15 were rejected under 35 U.S.C. § 102 as being anticipated by US Patent No. 5,582,323 to Kurtenbach. Claims 4 and 16 were objected to as being dependent upon a rejected base claim, but allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim 15 is amended as suggested by the Examiner. Claim 1 is amended to positively recite “a rotational member.” The limitations of Claims 4 and 16 are included in Claims 1 and 12 respectively.

For these reasons, it is believed that none of the prior art teaches the claimed invention. Furthermore, it is believed that the foregoing amendment has adequate support in the specification, and accordingly there should be no new matter. Applicant believes the pending claims have addressed each of the issues pointed out by the Examiner in the Office Action. In light of the foregoing amendment, the claims should be in a condition for allowance. Should the Examiner wish to discuss any of the

proposed changes, Applicant again invites the Examiner to do so by telephone  
conference.

Respectfully Submitted,
